

# CAPABILITY STATEMENT

## Company Overview

hQube specializes in IT automation solutions, leveraging the ServiceNow platform to deliver tailored services in governance, cybersecurity, and workflow automation. With a focus on agility and expertise, hQube LLC excels in providing scalable compliance-driven solutions to meet the unique needs of enterprises and government projects.

## Core Competencies

We specialize in IT automation solutions, leveraging the power of the ServiceNow platform to deliver innovative and efficient services tailored to the unique needs of SMEs and enterprises. Our core offerings include:

- Governance and Compliance: Designing and implementing frameworks that ensure regulatory alignment.
- Cybersecurity: Advanced solutions for safeguarding critical infrastructure and ensuring data integrity.
- Workflow Automation: Custom workflows and integrations to optimize business processes and enhance operational efficiency.

Our team's expertise, combined with strategic partnerships, allows us to tackle projects of any scale with precision and agility

## Differentiators

- Agility: A small, dynamic team capable of rapidly adapting to client needs and delivering customized solutions.
- Scalability: Partnerships with industry leaders, including hQube, WorkflowNow, and SotioTech, enable us to scale resources for large-scale government contracts.
- Comprehensive Expertise: Full ServiceNow module coverage, from ITSM to ITOM and cybersecurity.
- Compliance-Oriented: Proven track record of meeting stringent government and industry standards

## Past Performance

- Governance Solutions: Developed governance frameworks for public sector organizations.
- Cybersecurity Enhancements: Designed security modules compliant with government standards.
- Workflow Automation: Delivered tailored automation solutions, achieving operational improvements of 20%-30%.
